

Dear Gingerbread Team,

This is a huge Thank You coming to you from the Matts Family.

We don't feel like just one of the parents we feel like founding members! You are all family and having my children with you while I work has been the one thing I never worry about. You look after my children as if they were your own and because of that my Boys have always seen Gingerbread as a home from home.

Sebastian, after being with you for 3 years, has become such a fabulous young man and ready to go to school. Even with his stubborn and hard headed tendencies you were always there to help and guide me as a Mum to find tricks and methods to help the balance in our home as well as within Gingerbread 2 itself.

Boe, only came to you in the holidays but she enjoyed herself so much she hated turning 9 and still asks every so often if she can come in and say Hi to everyone. Big school next year so look out for her returning to do some work experience!

Josiah, the one I worried about! I have always stayed at home with my children for the first year, so when Josiah started with you at 3 months I was petrified I was giving him up too soon. THANK YOU. At 9 months old he is starting to walk and trying to talk. Such a lovely personality and so happy. He is so happy to come to you in the morning and so smiley when I come to pick him up.

As a team you have been my rock and helped me develop my business. You have helped me become a better mum and you have supported my children throughout the most important years of their development.

I am happy in the knowledge that you will be a part of my children's lives for at least the next 8 years.

Thanks you for the last 3 years.

Nicola
